Editors of Sunset Books : Pools and Spas: Everything You Need to Know to Design and Landscape a Pool before purchasing it in order to gage whether or not it would be worth my time, and all praised Pools and Spas: Everything You Need to Know to Design and Landscape a Pool:

13 of 13 people found the following review helpful. Best of the BestBy Conspicuous ConsumerI purchased three popular books on pools from . Of the three, the Sunset book was clearly the most useful in helping us to decide where to put the pool, how to build it, which options to choose, and how to landscape it. My least favorite book, Pool Idea Book by Tauton, had more photos of pools but less instruction. I also recommend Pools Spas by David Short.0 of 0 people found the following review helpful. Not so good.By donnad8184Not a good book. Should have just looked at pictures on the internet.0 of 0 people found the following review helpful. Like all Sunset books, this is a gem.By Mark

PriceUse this as an reference guide when developing a backyard project plan. Gives practical information on all the things you need to consider... hundreds of decisions to be made! Research the components so you can make informed decisions in advance and talk with contractors/suppliers confidently. I bought a used book, its condition is very good and delivery was quick.

Let Sunset test the waters for you--so you can dive right in! This new edition of Swimming Pools and Spas helps you navigate the many choices and steps involved in making your dream pool or spa a reality, from exploring gorgeous design and landscape options, to estimating costs and working with contractors. You`ll find chapters on design and equipment that detail the types of materials used to build pools and maintain them; plus options for buying vs. Building a spa. The landscaping chapter goes overboard with ideas for privacy plants, decking materials, lighting, outdoor structures, and accessories.. Features: Perfect for readers in the market to build or install a pool or spa, or for those looking to enhance their existing pool or spa Features an inspiring array of swimming pools and spas in a variety of landscapes and climates Comparison of pool materials, including pros and cons, as well as relative costs Guides you through the construction process and working with contractors Ideas for beautiful landscaping around your pool or spa, plus ideas for special occasions Detailed advice on safety, maintenance, upkeep
