**From Brand: Taschen Evergreen : Pools Gardens (Evergreen Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pools Gardens (Evergreen Series):

This book offers ideas and advice through the complete process from pool selection to creating an attractive environment. Over 300 inviting color photos illustrate the many options from infinity-edge pools to attractive garden pools. Valuable advice is included on site selection, materials, financing, and more. As the crowning touch, "Pools Gardens" suggests ideas to create the ideal setting for the new pool and garden using decks, patios, and landscapes.
