**Rick Peters : Popular Mechanics MoneySmart Makeovers: Porches, Decks Patios** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Popular Mechanics MoneySmart Makeovers: Porches, Decks Patios:

With its first three volumes, Popular Mechanics MoneySmart Makeovers is helping thousands redo their kitchens, bathrooms, and living rooms. Now the successful series--written by one of the most trusted experts in DIY--steps outside, with authentic makeovers that anyone can accomplish. After discussing in detail all the basics that go into constructing a good porch, deck or patio, Rick Peters gets to work and remodels one of each, three times-- economy, mid-range, and high-range-to demonstrate what you can achieve on a real- world budget. While there are beautiful shots to inspire you to try your own makeover, these are no studio set-ups, every project was designed and carried out on an actual family's home.

Peters, an expert in the field continues to uphold the quality of the series. The organization is consistently excellent,

with makeover examples tiered by expense. The photos are large and useful, with great construction details. Be on the lookout for more in this crisp series. Highly recommended. *Library Journal*
