Sandor Nagyszalanczy : Power Tools: An Electrifying Celebration and Grounded Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Power Tools: An Electrifying Celebration and Grounded Guide:

The ultimate tool book, Power Tools is the next best thing to owning every tool on the planet. Featuring more than 200 tools from classics to the most inventively engineered newcomers, this book shows power tools and machines as they've never been seen before. Power Tools takes the reader inside the tools, explains how they work, compares the features that make great tools, and shows the accessories that make great tools versatile. Explores the ingenious engineering behind each tool's design. Includes more than 400 color photographs and tables of specifications. Takes a look into the future, including cutting-edge tool technology.
