Comprehensive vegetable gardening bookBy Donna F. CavalierEven though I've been a novice gardener for a few years, I admit I did it rather badly. Now I know why. This book opened my eyes to the things I've done wrong, and showed me how to do things right. I feel like I'm a thousand times more prepared to make a great veggie garden

this year, than any year before. Good stuff!3 of 3 people found the following review helpful. Beautiful and Easy to FollowBy Letha GaswayThis is a beautifully illustrated book. It's short and sweet, with simple, CLEAR CUT instructions. Just exactly what a new gardener needs, and a great refresher for more experienced gardeners. The author uses her Master Gardening skills in an easy to follow method that would work for anyone!

Want to make your food dollar go as far as possible by growing your own? Not sure where to start? This book explains everything from picking a place to start a garden to picking the produce from it.
