Steve Foster, Alice Stone : Prepper: Preppers guide for self-sufficient living to make your life easier and household hacks bookset (household hacks, survival books, prepping, off grid, saving life, preppers pantry) before purchasing it in order to gage whether or not it would be worth my time, and all praised Prepper: Preppers

guide for self-sufficient living to make your life easier and household hacks bookset (household hacks, survival books, prepping, off grid, saving life, preppers pantry):

2 of 2 people found the following review helpful. Really helpful booksetBy Beran ParryBeing prepared is always the absolute right choice and this book should be in every household, as for me. You never know when the next emergency or calamity is going to occur. And I prefer to be prepared to everything. Sure, it is better if it will never happen but If I will be ready for this than It will happen and I will not be ready. This book prepares us for survival, but also it offers great and simple strategies for sustaining once that disaster strikes. Some of the best points cover how to store ample food, water, and a variety of perishables. The second book about household hacks is also really worth of reading and I started to use some of hacks in mu house. So was this bookset helpful for me? 100% yes, it was. Highly recommended to everyone2 of 2 people found the following review helpful. Useful book setBy cassieI got a lot of useful information from the 1st book in this book set about preppers and household hacks. It teaches you everything you will need to know about being prepared and how to go about, as we all know it is much better to be prepared for a disaster than having one and not being. I liked the first aid tips within this book, its always useful to have a first aid kit ready. Both books offer practical advice on different areas and are simple to understand, they are well and one I would recommend to get.1 of 1 people found the following review helpful. A mine of practical tipsBy AndreaI like this kind of books. This set covers the most widespread issues. I appreciate these books for practical and simple tips, interesting ideas and useful information. They are real life-simplifiers as they save money, time and effort. They teach how to make your everyday life more comfortable and explain how to act in unexpected situations. I consider this knowledge really necessary. So I'm waiting for new editions.

Prepper and Household Hacks Sale price. You will save 85% with this offer. Please hurry up! Preppers guide for self-sufficient living to make your life easier (household hacks, survival books, prepping, off grid, saving life, preppers pantry) PREPPER Preppers Guide to Safe Survival and Self-sufficient Living (survival books, survivalism, prepping, off grid, saving life, preppers pantry, help self) Are you prepared for the worst case scenario possible? Do you know what it takes to survive in an SHTF environment? Have you obtained a bug out location, made a plan for disasters, and stocked your medicine cabinet, as well as your pantry?
