Safe Survival and Self Sufficient Living (survival books, survivalism, prepping, off grid, saving life, preppers pantry, ... preppers guide, preppers pantry) (Volume 1):

3 of 3 people found the following review helpful. Great for surviving skills!By Kindle CustomerAlthough not all of us are preppers, we all need to have this book just in case we find ourselves directly affected by a natural disaster. The book contains essential information on survival skills and teaches you everything you need to know about the items you need in order to prepare yourself for a wide range of emergency conditions and increase your chances of surviving. Plus, it is written in a very comprehensive, easy-to-follow manner, so everyone I definitely recommend it!1 of 1 people found the following review helpful. Learn to SurviveBy akaelectraWe all know that disaster can kill huge people, but we can avoid it if we want too. We need to manage what we need if theres a calamity comes. We should prepare everything and important things in order for us to survive. We start separating everything so that if the disaster comes, we can immediately get exactly what we really wants. And this book will teach us the basic things to do and dont. You will learn how to prepare bug location, what should be put in first aid kits and lots of more. Download this ebook and you will find the information you need to. I assure that the information inside this book are helpful and can save life.0 of 0 people found the following review helpful. worth reading bookBy Blaine FarrGreat book and very thought provoking! This is a very simple beginner's guide to prepping. It has useful information, but not by any means complete information. It's a great place to start your quest for emergency preparation. Would definitely recommend this book!

PREPPER Sale price. You will save 33% with this offer. Please hurry up! Preppers Guide to Safe Survival and Self-sufficient Living (survival books, survivalism, prepping, off grid, saving life, preppers pantry, help self) Are you prepared for the worst case scenario possible? Do you know what it takes to survive in an SHTF environment? Have you obtained a bug out location, made a plan for disasters, and stocked your medicine cabinet, as well as your pantry? If youve answered no to any of those questions, you might want to scroll up and grab a copy of this book. It has the latest information about bug out locations and how to find one, as well as how to prepare one. Having a place to go thats safe during an emergency could be the difference between you and your family surviving an SHTF event. With todays health concerns over the flu and other epidemics spreading across the globe, a scenario where you have to survive on your own is not that far out of the realm of possibilities. The financial system is not looking its best either and dont forget about the skyrocketing crime rate and unemployment rates. It doesnt have to be an asteroid heading for earth and destroying half the ecosystem that has you using your preppers materials, it could be just a financial crisis where civil unrest has gotten out of hand. In this book, youll find:Information on how to find and prepare a bug out locationHow to prepare for natural and unnatural disastersWhat should be in your first aid kitWhat you need in your preppers pantryThe basics of getting startedAnd much more!
