Also the size of the book is too small to really enjoy the beauty of the pictures. Nevertheless this makes a nice present!0 of 0 people found the following review helpful. Wonderful BookBy Sydney R.This is a wonderful book. As a wine country gardener, I am always seeking more information as well as just looking at other garden designs. Paris is my favorite European city so anything about her gardens is interesting to me.0 of 0 people found the following review helpful. An Intimate Look At Parisian GardensBy Maureen AllenGift for a Paris-bound, garden-loving friend...she adores it for its secret insights, its non-tourist places and, of course, its exquisite, French style!

An exclusive glimpse into the hidden world of secret Parisian gardens. A hidden landscape lies behind Pariss urban

facades. Whether grandiose or modest, manicured or untended, these secret gardens, rarely seen by casual passersby, are timeless enclaves that provide verdant refuge from the bustling streets. From Hubert de Givenchys formal garden, to Kenzos Japanese-inspired oasis, or from an exotic hideaway with giant tropical ferns and rare flowers, to a symmetrical topiary menagerie, this eclectic range of urban gardens provides inspiration to the expert gardener and armchair enthusiast alike.
