Design is always related to arts. Artistic effect is the goal designers pursue when designing . Private Space: the design of public bathroom examines other delicate balance that need to be considered i.e. construction, privacy and humanization in the creation of a seemingly boring necessity the bathroom This book probes into how the environmental style determines that of the bathroom. It also presents how the bathrooms enlarge its scope to include other needs such as dressing and relaxing. Bold and adventurous bathroom accessories and decorative elements

adorned the book. This is an indispensable reference to all designers.
