Jane Cumberbatch : Pure Style Home Garden before purchasing it in order to gage whether or not it would be worth my time, and all praised Pure Style Home Garden:

Jane Cumberbatch's unique approach to interior and outdoor decoration is based on the timeless appeal of natural materials, uncluttered objects and a relaxed mood. For the home, Jane offers a sourcebook of ideas for all the rooms in the house, from the kitchen to the bedroom. A visual catalogue of the constituents of pure style, this shows the colours, fabrics, textures, scents, items of furniture, functional and decorative objects and lighting that are appropriate for each room. For outdoors, Jane presents stylish and practical ideas for furnishing, and living in, your outdoor spaces. It offers inspired suggestions for all the elements that make up a garden - colour and lighting, texture, surfaces, boundaries, furniture and fabrics, containers and even the contents of the potting shed.
